Editorial note: Welcome to the Journal of Investigative Dermatology (JID) Cells to Surgery Quiz. In this monthly online-only quiz, the first question (“What is your diagnosis?”) relates to the clinical image above, while additional questions concern the findings reported in a JID article that provides new information about that disease entity.

The quiz questions may be found in the menu bar on the right-hand side of this page. A list of references relevant to the quiz follows the image.

Questions 2 & 3 refer to the article by Jansen et al. (https://doi.org/10.1016/j.jid.2017.09.033)

Detailed answers are available as Supplementary Material linked to this article.

¹Sidney Kimmel Medical College at Thomas Jefferson University, Philadelphia, Pennsylvania; and ²University of Pennsylvania Department of Dermatology, Philadelphia, Pennsylvania
