The Role of Teledermatology and Teledermoscopy in the Diagnosis of Actinic Keratosis and Field Cancerization

An affiliation was unintentionally omitted for Joaquin Sola-Ortigosa. At the time the work was conducted and published, Dr. Sola-Ortigosa had two affiliations. The published article showed only one:

1Department of Dermatology, Fundació Privada Hospital Asil de Granollers, Barcelona, Spain.

The following affiliation should have been included as well:

Facultat de Medicina i Ciències de la Salut, Universitat Internacional de Catalunya (UIC), Barcelona, Spain.
